This is an on-going series of six one hour sessions that can be taken within 10 weeks of starting. Fee \$150

Puppy socialization is the single most integral step in raising a happy and mentally sound puppy. For years it was thought that a puppy should only participate in socialization opportunities following a full series of vaccinations; however after extensive review it has been discovered that the lack of proper socialization during a puppy's critical periods of development (8-16 weeks of age) can be very detrimental. It has been determined that the possible risks of early socialization are worth taking to ensure that a puppy is properly exposed to the world it is going to live in.

Our Start Right Puppy Program is offered on an on-going basis and is geared for the highest level of positive and effective socialization as possible. The on-going model of this program allows even the busiest owner the availability of exposing their puppy to vital socialization opportunities. Puppy classes are offered every Saturday at 2:00 PM. You must pre-register for classes in the store and puppies must meet the following requirements in order to participate:

- ° Must be in the home for a minimum of 10 days prior to first class
- ° Must have received 8 or 9 week vaccinations (DHPP and Bordetella) and be up to date on vaccinations for their age.
- ° Must be over 8 weeks of age and under 18 weeks of age
- ° Attend an orientation any Saturday at 11:00 AM at Kahoots prior to beginning sessions.
